DISTRICT CONFERENCE.

The Uvalde District Conference is now in session at the Methodist church. Eighteen pastoral charges are represented at this conference.

On Thursday night Rev. Jno. M. Lynn, pastor at Devine, preached the opening sermon. His theme was the "Kingdom of God".

Friday morning at 8:30 the District Conference convened with Rev. Joe F. Webb, presiding elder, in the chair. Fifteen pastors, a number of local preachers, and lay delegates from each pastoral charge answered roll-call.

It was announced by the presiding elder that at 11 A. M. and at 7:30 P. M. each day through Friday, Saturday, and Sunday, sermons or special addresses would be given from the pulpit by the various visiting ministers. The conference will close Monday.

All the people of Hondo are cordially invited to attend these services.

THE W. M. U. MISSIONARY MEETING.

The W. M. U. met with Mrs. Jack Fusselman Thursday afternoon, Feb. 28th, with eleven members present and three visitors—Mrs. C. H. Everett, Mrs. W. T. Crow and Mrs. B. Meriwether.

A most interesting lesson on Cuba and the Canal Zone was rendered. The hostess served most delightful and refreshing pie and coffee which was greatly enjoyed by all.

In the horse race here Wednesday
afternoon between the J. G. Schuchle

Around-the-World proved an easy
winner. In another racing event
scheduled for March 15, Around-the-
World will again appear on the track,
this time her opponent being the
P. R. Richter horse, Sleepy Joe. See
the announcement elsewhere.

News from the little Schwarz girl,
injured in the railroad crossing ac-
cident some two weeks ago in which
her father lost his life, brings the
good news that she seems to be
improving. While her mind is still
affected, it is thought that this
trouble will pass with her recovery
from the attack of pneumonia which
followed her injury. She is in a
hospital in San Antonio.

Wednesday nights rain totaled .45
of an inch. Corn planting which
was in full swing, was suspended
and will have to wait for several
days for the ground to sufficiently
dry out before seeding can again
be resumed. The statement may be
doubtful away from here but it is
a fact that our farmers would ap-
preciate a few weeks of dry weather.
All west Texas was never, in the
memory of the oldest citizen, in as
fine a condition in the matter of
moisture at this season of the year,
and prospects were never more
promising for bumper crops.

WITH THE DRILLERS.

With the near approach of Spring among the drillers is becoming more apparent and there is but little doubt that the coming summer will witness a great drilling campaign in the Medina County oil fields. The most important event, and that will have a far-reaching effect on the oil situation that has arisen in this section since the drilling of the first Ina well, was the drilling by this company of a well for four new wells—all to be completed within seven months. Trinity Drilling Company has contracted, and as it is backed by unlimited capital there is no doubt of its being able to complete the wells within the stipulated time. It is information that two of these wells will be spudded in on the north ranch, north of the present well, one on the Wilson ranch, location of the fourth not yet definitely determined. All wells definitely are in proximity to two wells, while it is possible there will be some distance away. O'Brien well, on the Nixon territory, seems certain to prove a good proposition. Bailing has been in progress for more than a month the purpose being to create a well at the bottom of the well in the screen is set. There is little doubt that this well will be placed on the pump. Will Metzger et al. well, on the north place, after numerous vexatious delays, will spud in in a few days possibly by the middle of the week. This well, several miles west of the Ina wells, is in territory favorably passed on by geologists and its progress will be watched with great interest. This well is being financed by local people, showing our home people great faith in finding a good well in the Seco section.

Drill in the Fuchs well, on the north ranch on the Chicon tract, a sand around the 1,400 feet, and while thus far pay has not been located its promoter is confident oil will yet to be found and carry the hole down to the chalk if necessary.

Williams Oil Company well, on the Moebius tract, is drilling 300 feet, using a Star rig. Of course the drill in this well still several hundred feet in the oil sand, considerable gas has been encountered. The few days ago went into a well which blew all the water to the top of the well, which was to the driller, as water has been bailed for drilling purposes. Company is now erecting a derrick.

Only unfavorable incident in this situation in this section is the bailing of the Jake Wolff well on the Moebius ranch. This well reported as very promising but drilled in, some pronounced a fifty barrel affair. Just happened to cause the well to be a producer is an oil field. We understand Wolff will bailing another well in close proximity to the abandoned well later in the year.

MRS. FLORA REITZER.

Mrs. Flora Reitzer, who was laid to rest in the Hondo cemetery last Monday had just passed the meridian of life when the death angel called. Flora Kelley was born in Uvalde County, Texas, June 23rd, 1878. On October 26th, 1902, she was married to John Reitzer, and had made her home in this section ever since until she passed to the life beyond the grave at her home here last Sunday, March 3rd, 1924.

Early in life deceased professed salvation by faith in Christ, and remained steadfast to the end, and the entrance to the eternal life beyond the grave held no terrors for her.

Besides her husband deceased is survived by four children, two girls and two boys, to wit: Loyce, Hollis, Oleta, and Charles; one sister, Mrs. Della Graham of Tarpley, Texas; one brother, George Kelley of Douglas, Arizona; one half-sister, Mrs. Emma Eckhart of Bandera, Texas. A large circle of warm friends are also deeply grieved over her untimely passing.

The sympathy of all our people go out to the afflicted ones in this, their hour of great sorrow.

LEAP YEAR PARTY.

The Leap Year party given by the members of the Ladies' "42" Club Friday night, at which the members of the American Legion Club and their wives were the honorees, was well attended and much enjoyed. The Hondo Orchestra furnished the music for those who danced, while others indulged in "42" Punch and chicken sandwiches were served to the guests.

CARD OF THANKS.

For the many helpful kindnesses and assistance rendered, and for the many expressions of sympathy extended me at the death of my dearly beloved son, Roy, I wish to gratefully acknowledge my appreciation. That you may all be rewarded for your kindness is the prayer of

Sincerely yours,
Mrs. Hattie Cannon and Relatives.

GET AT THE CAUSE!

Many Hondo Folks Are Showing How to Avoid Needless Suffering.

There's nothing more annoying than kidney weakness or inability to properly control the kidney secretions. Night and day alike, the sufferer is tormented and what with the burning and scalding, the attendant backache, headache and dizziness, life is indeed a burden. Doan's Pills—a stimulant diuretic to the kidneys—have brought peace and comfort to many Hondo people. Profit by this Hondo resident's experience:

B. H. Robinson, carpenter, says: "I was troubled with my kidneys. I had to get up three or four times at night to pass the kidney secretions which were scalding and highly colored. I had dizzy spells and black specks appeared before my eyes. My head ached and I had sharp pains through my kidneys. Doan's Pills regulated my kidneys and my back never aches now."

LIVE AND LET LIVE, SCATTER SMILES AS YOU GO.

Do you know friends, that if you
start out in the morning with the
absolute intention of living the
GOLDEN RULE throughout the day,
you are sure to leave a trail of
happiness and good will behind you
wherever you go?

Every good deed, be it great or
small, must leave its good impres-
sion and, after all, we must admit
that it is the little things that put
the smiles in life and help so much
to smooth over the rough spots on
the journey through.

Every day brings its opportunities
to SCATTER SMILES ALONG THE
PATHWAY OF LIFE, to add some
of joy and happiness to somebody's
home and somebody's existence.

In general, the homes of this City
are homes of comfort. The excep-
tions are due, solely, to lack of finan-
cial income necessary for the needs
of living. What is the remedy for
the latter condition? Simply that
it is up to all of us to aid in bring-
ing about commercial and industrial
conditions that will make for more
and better employment for those
who need it. This can be accom-
plished in a large measure by keep-
ing our community finances within
ourselves.

PATRONIZE HOME INDUSTRY,
HOME MERCHANTS, AND HOME

PRODUCTS. HIRE LABOR AND
PURCHASE HONDO MATERIAL
WHENEVER YOU CAN. When
buying do not let the pages of THE
MAIL ORDER CATALOG mislead
you. Your home merchants can
probably supply your needs and in
case an adjustment is necessary he
will be right there with a smile help-
ing you to get what is justly coming
to you.

BOTH PREACH AND PRACTICE
HOME LOYALTY and it will mean
just so much towards supplying em-
ployment, prosperity and content-
ment. You will profit yourself by
helping to create conditions which
make for prosperity. You will have
done your bit for your Home Town
and aided materially in its progress
whenever you follow the plan of
BUYING EVERYTHING YOU CAN
AT HOME.

There must surely be a lot of
satisfaction in knowing you are
doing your civic duty towards your
Home Town and that you have justly
earned the title of A HOME TOWN
BOOSTER.

Now let us again call attention
to the names of those whose ads
surround this article. Every one of
them gives employment to Hondo
labor and these are but a few of
those who go to make up the busi-
ness and industrial portion of the

city. Their desire is to not only
maintain the present condition of
fair prosperity, but to increase it,
and the possibilities and degree of
improvement will only be limited by
your loyalty your co-operation and
your patronage.

To tell the honest truth, folks,
you really cannot afford to send or
spend your money any place but
in Hondo even if prices offered else-
where seem more attractive, for
when you do you are helping just
that much to knock the supporting
props from under your own property
values, helping to weaken the struc-
ture that supports your Home Town,
and denying just that much comfort,
happiness and cheer to those who
can and do enjoy these things when
"times are good". Money put into
circulation at HOME comes back in
wages, crop receipts, investments,
etc., and the result spells PROS-
PERITY.

SAN ANTONIO MEN DEAD
IN BLAST AT NOONAN.

Boiler Explosion Thursday Night at
Noonan Takes Toll of
Three Lives.

TELEGRAPH WIRES TORN DOWN.

Three trainmen were killed when
the locomotive boiler of Southern
Pacific freight train No. 981 explod-
ed at 7:43 Thursday night, 31 miles
west of here.

The train was west bound out of
San Antonio and had reached Noonan
station, seven miles west of La-
Coste at the time of the accident.

The dead:

A JURASCHEK, engineer; San
Antonio.

J. R. EILCHRIST, fireman; San
Antonio.

C. C. TUTTLE, brakeman; San
Antonio.

Dr. L. A. Kuntz of LaCoste left
immediately for the scene of the
wreck, and a wrecking crew was dis-
patched to the scene from San An-
tonio, as soon as the word was re-
ceived at the Southern Pacific Dis-
patchers' office here, at 8:30.

There was some delay in getting
relief to the scene due to the fact
that both Western Union and rail-
road telegraph wires were destroyed
by the explosion.

The wrecker from San Antonio
arrived at Noonan at 11:20 and pro-
ceeded immediately to the scene of
the accident, where Dr. Kuntz was
in charge. Justice of the Peace
Louis Biediger of LaCoste announced
that he would hold an inquest at the
scene of the wreck Thursday night
as soon as the wrecker arrived.

Alex Juraschek, the engineer, lived
at 301 Avenue A here. He leaves
a widow and two baby boys, one two
and a half years old, and the other
a tiny baby two months old.

C. C. Tuttle, the brakeman, lived
at 802 Matagorda Street. He is
survived by a widow and a baby girl,
16 months old. Tuttle was 34 and
Juraschek 50.

The name of J. R. Eichst, the
dead fireman, is not given in
the city directory here and efforts
to locate his family Thursday night
were unavailing.—Friday's Express.

IN LOVING REMEMBRANCE OF RICHARD M. SCHWARZ.

In my heart there is a longing
Once more to see his face,
No one will ever be able
To fill his empty place.

Last night happy and smiling;
Now to see him no more.
For he has passed o'er the river,
Rests on the distant shore.

Every one now seems to miss him;
Every one to be sad;
I remember I first saw him
When I was a little lassie.

He always seemed to be cheerful,
Always a pleasant word;
Though I know he had his trouble,
Never complaint I've heard.

In Heaven I know I'll meet him;
After a little while;
In Heaven he must be happy.
He met death with a smile.

As God must need him in Heaven,
Wanted to have him near,
To stay with him and his angels
We, too needed him here.

I wonder when my life is ended
If friends will feel the same,
As they do towards Richard
And not forget him again.

BAPTIST MISSION GREATLY EXTENDED

THE WORK ON FOREIGN FIELDS
SHOWS LARGE EXPANSION
FROM FORWARD MOVEMENT

NEW COUNTRIES ENTERED

Southern Forces Now Have Mission-
ary Fields on Every Side of
Globe With Audience of
900,000,000.

DR. J. F. LOVE,
Sec. Foreign Mission Board

Indicating the extent to which the foreign mission work of the Southern Baptist Convention has been set forward by the larger proceeds that have come to it from the Baptist 75 Million Campaign, Dr. J. F. Love, secretary of the Foreign Mission Board, reports that since 1919, when the Campaign was projected, the following increases in the work of that board have been made: Number of foreign missionaries on the field has increased from 328 to 540, number of native workers from 627 to 2,829, number of churches from 505 to 891, number of church members from 49,659 to 103,328, number of self-supporting churches from 143 to 211, number of baptisms per year from 5,635 to 12,611, number of Sunday schools from 760 to 1,447, number of Sunday school pupils from 36,115 to 67,497, number of day schools from 512 to 796, number of pupils in day schools from 15,722 to 32,789, and contributions per year from \$173,372 to \$437,568.

Baptisms Gain Rapidly
Nearly as many persons have been baptized by the missionaries on the foreign fields since the Campaign began as had been baptized during all the seventy-five years of missionary operations prior to the inception of this movement, Dr. Love reports. This does not include Russia, where more than one million members have come into the Baptist churches in recent years. Nearly one-fourth as many persons were baptized on the foreign fields last year as there were members, all told, on the foreign fields when the Campaign began.

At the time the Campaign began Southern Baptists were operating only in Mexico, Brazil, Argentina, Chile, Uruguay, China, Japan, Africa and Italy. As a result of the larger proceeds made available from the Campaign the board has been enabled to enter the new fields of Spain, Yugoslavia, Hungary, Roumania, and Russia in Europe, and Palestine and Siberia in Asia. This gives to Southern Baptists a total missionary audience of 900,000,000, or more than one-half the total population of the globe.

Older Fields Re-Enforced
But of more significance than the entry into these new fields is the reinforcement that has come to the work in the older fields, in the estimation of the officials of the Foreign Mission Board. This reinforcement consists not only in sending out many new workers but providing larger equipment in the way of church houses, mission residences, schools, hospitals, orphanages, publishing houses and the like. Summarizing the growth that has come in the forces on the older fields since the Campaign began the following results are pointed out: Number of churches, 76% increase; number of church members, 108% increase; number of church buildings, 45% increase; number of schools, 55% increase; number of pupils, 108% increase; number of residences for missionaries, 94% increase; number of foreign missionaries, 63% increase; number of native missionaries, 264% increase; number of hospital buildings, 21% increase; number of treatments given, 61% increase; number of hospital beds, 104% increase.

Much Remains To Be Done
With all the increases that have come in the foreign mission work only a portion of the program that was contemplated for foreign missions as a result of the Campaign has been accomplished as yet. It is in the hope of completing this program through more effectively equipping the work and workers on both the older fields and the new ones that the representatives of the Foreign Mission Board are cooperating with those of the 75 Million Campaign in an effort to complete the payments of all subscriptions to this movement at this time.

CHAUTAUQUA NEXT WEEK.

Hondo's annual Chautauqua meet will be held next week, March 11, 12 and 13.

We have not been furnished with any descriptive matter other than that contained in the program printed elsewhere in this paper. Judging from that, however, Hondo people have a feast awaiting them for the three days.

Radcliffe has built up a Chautauqua service that is unsurpassed in its field. The entertainment features are wholesome—the fun harmless,—the lectures are instructive, and the whole program inspiring and uplifting. The community is always made better for the visits of the Chautauqua.

Arrange your affairs so as to attend all of the six entertainments if possible. You will be profited thereby, and by helping to finance the enterprise you will help to put it within the reach of others. Come to the Chautauqua.

MASONIC LECTURES.

Messrs. Keith and Terrill, lecturers for the Masonic Service and Educational Association, lectured here last Tuesday afternoon and evening. The lecture in the afternoon at the Auditorium was open to the public and was attended by a large audience. The evening lecture was for Masons only and was held at the lodge room.

Both speakers brought wholesome messages of good cheer to the fraternity, messages that should go far towards the cementing anew of the craft in the bonds of fraternal brotherhood.

Both the afternoon and evening lectures were preceded by moving pictures illustrative of the great work Masonry is doing for humanity.

The Tie that Binds

THE UNITED STATES is a nation of far-reaching relationships. Home ties stretch between communities widely scattered, for few men live where their fathers or grandfathers lived.

Commerce and industry have the same spread of interests, so that, in truth, the nation has become one great community.

Only a unified telephone service covering every state can serve such a nation. It must be the tie that binds.

Such a service requires a national organization with uniform policies and operating methods and in every community a local organization with full authority and responsibility for the problems of that community.

The Southwestern Bell Telephone Company which operates in Missouri, Arkansas, Kansas, Oklahoma and Texas, serves an area one-fifth the entire size of the United States, in which thirteen million people make their homes. Eighteen thousand employees bend every effort to meet this responsibility efficiently.
